

**Together
ahead. RUAG**

**Your Dornier 228 is your reliable partner
for safe operations.
Equipping your aircraft for full
ADS-B Out compliance ensures you can count
on mission success for 2020 and beyond.**

**Talk to us at Dornier 228 Customer Support.
We have the ADS-B Out STC your Dornier 228 needs to keep flying reliably.**

**ADS-B Out compliance
for your Dornier 228 100, 101, 200, 201, 202 and 212**

The ADS-B Out mandates are taking effect in 2020 and they include enhanced surveillance (EHS) and elementary surveillance (ELS) parameters. Our RUAG STC ensures full ADS-B Out compliance for the Dornier 228 Community.

[More details on ADS-B Out compliance](#)

Straightforward and affordable

Specifically developed for the Dornier 228, and approved by the European Aviation Safety Agency (EASA), our ADS-B Out STC includes Mode S ELS and EHS. What's more, this straightforward and proven solution is also designed to match realistic budget constraints.

Our commitment to ensuring your safe operations

ADS-B Out requirements are all about safety. We too are serious about ensuring your operations benefit from continued safety and mission success.

Contact us to ready your Dornier 228 for 2020 today!
