

Dornier 228 Customer Survey 2018

Dear Dornier 228 Community Partner,

The Dornier 228 Community is growing and becoming the dynamic force it is meant to be!

Since the Operator Conference one year ago, our dialogs with you and dialogs between you and your operator colleagues are happening more frequently, and with more insights being shared.

Connecting over common interests and goals is what this Community is all about.

And, while the Community is talking, we're listening and doing our best to provide the support you really want. At least, we hope we do.

Now it's time to check our progress with our best critics – you!

We invite you to take a few minutes to tell us how you feel. Tell us up front, where we perform well and where we need to improve. That's the way these dialogs work.

The Dornier 228 Community is a force. Help us use it to your advantage.

Participation is easy! We kindly ask you to click on the box below to complete the customer survey. The link remains active until 30 November 2018.

Thank you for your support!

Best regards,
