

## Bridge MRO waiting times and resume flying. Loaner components, flaps, and rudder available for Bombardier Global Express aircraft.

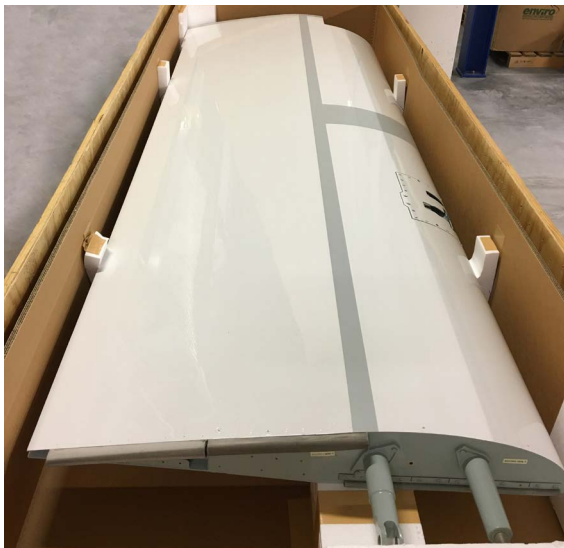

Shorten downtimes associated with component MRO with loaner parts. We offer certified components for aircraft, including Bombardier Global Express, Global XRS, Global 5000, Global 5000 GVFD, and Global 6000.

### Why wait? Keep aircraft flying with loaner flaps, rudders, and more

Bridging the waiting times for component MRO with our component loaner program ensures regular aircraft operations can resume faster.

We have a stock of certified components, so your CAMO and MRO specialists remain confident in airworthiness standards.

Opt to take advantage of weekly or monthly rates.

Flap Assembly P/N GM148-1001-33

Rudder Assembly P/N GS268-0001-3

### Customize flaps and rudder components with aircraft painting

Our loaner program ensures flaps, rudders, and other exterior components are delivered with a white exterior finish.

Looking to match your certified loaner component to any individual aircraft livery? Our in-house aircraft painting shop is available to see to every design detail.

Why wait? Contact us today.
