

Expanded services on Bombardier Global 7500 – optimizing your downtime.

Experience on schedule delivery and reliable MRO expertise together with individualized support and a full spectrum of aircraft services for your Bombardier Global 7500. Complete certification approvals are now confirmed within our EASA Part 145 organisation status. We are your partner of choice for one-stop shop services for selected business jets.

Your aircraft, your individualized services

As proven and tested partner, RUAG is now fully authorized to apply our MRO expertise to your Bombardier Global 7500 aircraft. Rely on our team of experts to provide complete aircraft solutions tailored according to your personal requirements. Personalized customer service and maximum transparency are essential to all our projects.

Optimize your downtimes with our one-stop shop services

You can go about your business while we take care of your aircraft. Our one-stop shop solutions allow us to perform all required services within a single downtime, adapted to suit your individual schedule – enabling faster turnaround times and maximizing your profit options. Available from a single source, RUAG one-stop shop solutions include aircraft and component MRO, cabin interiors, aircraft painting, system upgrades, AOG, and support and consulting services.

Entrust your aircraft to our MRO services and benefit from 30 years of experience.

We're looking forward to hearing from you.
